9<sup>th</sup> December 2019

Dear Parents/ Carers

In Spring 1 we will be studying Evolution and Inheritance as part of our Science curriculum. As part of their learning, children will be studying how animals and plants have adapted to their environments and how these adaptations can lead to evolution. Further to this, children will also be exploring persuasive writing in English lessons. We will be learning about how we can make a big difference in protecting wildlife by tackling the issue of unsustainable palm oil production.

To support this learning, we have arranged an exciting trip to Chester Zoo on Wednesday 15<sup>th</sup> January 2020. The children will take part in various workshops which will bring their learning to life and hopefully give them a passion for helping to protect and save the environment.

The entry to the Zoo has been offered for free and we will be requiring payment of £7.00 to cover the cost of the coach. I am sure you will agree this is a wonderful opportunity at a most reasonable cost.

Please complete the **slip below** and send this, along with the **£7.00, to your child’s class teacher in a sealed envelope by Wednesday 18th December**. You may pay in instalments, please speak to your child’s class teacher if you wish to do so. In cases of genuine financial difficulty, please make an appointment to speak with Mrs Whittaker.

For instances where insurance is a statutory requirement, pupils are covered by a basic school insurance cover provided by RPA. Any additional insurance should be arranged by individual parents, often this can be arranged as an extension to your house insurance policy if you are a home owner.

Yours sincerely,  
Mrs N Whittaker  
Head of School
