

This term, we have supported two charity events.

On Friday November 13th, we wore yellow and donated to children in Need. The focus this year was on mental health and well-being. Throughout the week leading up to Friday 13th, we enjoyed following the 'Five To Thrive' activities during our daily Star Time. Joe Wicks introduced the activities each day and we learnt about the importance of making connections, being curious, being active, taking notice and giving. These themes linked perfectly with our school values and were relevant to all the children in our school. Then, on the Friday, classes enjoyed activities related to Children In need.

This term, we have also been supporting the 'Anti-Bullying Alliance' using star time to talk about how we can join in with the fight against bullying.

On Monday 16th November, we wore odd socks to school to celebrate differences.

On Friday 10th December we wore our Christmas jumpers and donated to Save The children.

At school we talked about Christmas being a time of thinking of others and giving to others.
